

UNDERGRADUATE ACCOUNTANT CADETSHIP PROGRAM

If you're in year 12 and ready to launch your career in accounting, we invite you to find out about our Undergraduate Accountant Cadetship Program.

WHAT IS THE UNDERGRADUATE ACCOUNTANT CADETSHIP PROGRAM?

Our cadets work full-time as an accountant, and study at university part-time in a Bachelor of Business (Accounting major). We provide:

- > **Paid time off** for study, including lectures, tutorials and exams
- > A **supportive environment** with a group of undergraduate colleagues, and recent graduates, who can share their experience with you
- > The chance to launch your career, with **real-world experience** while gaining your degree
- > Access to a **professional development** program to build your career
- > Our cadets start their career with us in February, so still enjoy a summer break after finishing year 12

WHO CAN APPLY FOR THE PROGRAM?

Applications are open to year 12 students who have a keen interest in accounting and want to build a career where they are delivering quality service and business solutions for clients. Pre-tertiary Accounting is encouraged but not an essential requirement.

All applicants must have permanent residency and be able to work in Australia.

“ The undergraduate program has given me an opportunity to launch my accounting career, while receiving valuable support for my university studies. I work with a diverse range of clients, including businesses, not-for-profit organisations, individuals, and families. The blend of practical experience and academic study is a really effective way to learn. And I get to work alongside Partners and Directors, which is both rewarding and inspiring. I highly recommend this program. It's a great way to kickstart your career while earning your degree. ”

OSCAR NEALE
ACCOUNTANT

Commenced Undergraduate Program, 2023

HOW DO I APPLY?

Applications for our Undergraduate Accountant Cadetship Program traditionally open in September, with interviews held in the September/October school holidays.

Applications are submitted electronically via our website.

Each year we offer one or two places in this program, and the successful applicants commence a full-time position with us in mid-February.

Further details, including opening and closing dates, are updated on our website so keep watch.
